# HOME AUTOMATION

What is home automation ?

## CENTRALIZE

Home automation is defined as the methods used to connect various smart and interconnected electronic systems within a room, house, or any other building (for comfort, security, energy, etc.) through a single central control.

## AUTOMATE

For a more autonomous home, control all your different devices, even remotely: manage lighting, blinds, energy, and more with a single button.

## CUSTOMIZE

Reconfigure the functions of your devices as you wish, without complex integration: create a home that reflects your personal style with custom atmospheres.

# INTEGRATED HOME AUTOMATION

## Confidence Collection

This turnkey solution includes a MODELEC mechanism with native KNX integration: the reference in home automation installation.

Installation and configuration are simplified with [Hager's KNX easy application](#). It provides endless possibilities: **up to 6 controls on the same plate**, with or without indicators (LED, infrared light). In addition to standard functions (ON/OFF or dimming), you can choose a KNX motion detector or a thermostat to match your push-button controls.

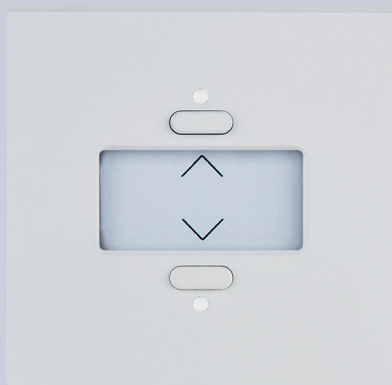

Our integrated home automation offer is only available in Confidence collection.

# SEMI-INTEGRATED HOME AUTOMATION

*M . Confidence . Fascination Collections*

The semi-integrated solution is also a turnkey option,  
It consists of a MODELEC mechanism and a [pre-wired THEBEN input modul](#).

It easily installs and connects to your electrical system and has been developed for very low voltage currents, up to **48V**. The included protocol is KNX, the standard in home automation.

It offers broad possibilities: up to **5 controls on a single mechanism (equating to 15 functions)** and the option to add indicator lights (5V LED).

Plates and flat buttons can be engraved.

This range is available in the [M, Confidence et Fascination collections](#).

## FLAT BUTTONS DIMENSIONS

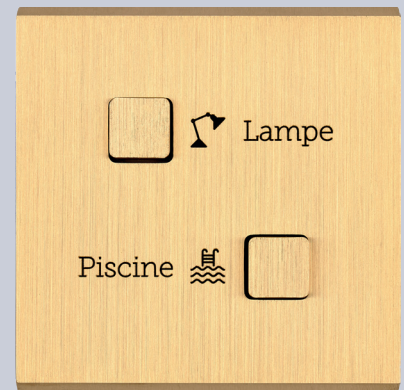

- Square flat buttons dimensions : 12,5 x 12,5mm
- Round flat buttons dimensions : Ø12,5mm

*Buttons in whole material : brass, aluminium (M collection).*

## SPECIFICATIONS

- Round or square flat buttons
- With or without leds
- With or without screws

*(Confidence and Fascination collections only.)*

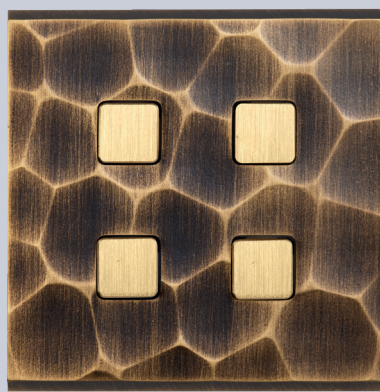

CONFIDENCE COLLECTION  
410. BRUSHED BRASS

**⚠** *The operating voltage of the LED is 5V, a common value for a home automation input module.  
For 8V supplies, the 076KIT200 protection kit is mandatory.  
For higher voltages, please specify it when ordering.*

# BLUETOOTH HOME AUTOMATION

*M Collection . Confidence Collection .*

This solution includes an integrated Bluetooth mechanism (no input module required) for simplified installation.

You can choose between two mechanisms: [a dimmer](#) or [a roller shutter control](#).

The usage is very intuitive, as programming and scenarios can be managed via the Hager Mood app or activated with a simple press of the switch.

This solution is ideal for those new to home automation.

Available in the [M and Confidence collections](#).
